Figure 1. The effect of the concentration of the *Agrobacterium* suspension on the transformation efficiency of *Agrobacterium* strains. The *Agrobacterium* strains were grown in YEA medium for 24 h at 28°C. The cell concentration of the strains was adjusted to 10⁸ cells/ml. The cell suspension was then diluted with distilled water to the concentration of 10⁶ cells/ml. The cell suspension was then mixed with the plant tissue and the transformation efficiency was determined. The results are shown in Table 1.

HISTORY

At the Memphis Annual Conference, held at McKenzie, Tennessee, in November, 1921, it was decided that there should be established at Jackson, Tennessee, a co-educational institution of standard college grade to be known as Lambuth College. Since 1843 the Memphis Conference had maintained an interest in the Memphis Conference Female Institute at Jackson, (established by the Presbyterians in 1837) and from 1911 to 1920 had owned the Institute outright. The institution was closed in 1920, the property was sold, a new site purchased, and the present Administration Building was erected in 1922. By an amendment to the old charter of 1843 the name was changed to Lambuth College.

On September 10, 1924 the College opened its first session, offering the first two years of college work. In 1925 the junior year was added, and in 1926 the senior year. At the annual meeting of the Tennessee College Association, held in April, 1927, Lambuth was admitted to membership in this organization as a standard college.

In 1942 the college became a charter member of the Central Association of Colleges.

Because of insufficient endowment the college is not a member of the Southern Association of Colleges and Secondary Schools. However, its students experience no difficulty in securing full credit for their work at the leading institutions of this region.

Lambuth College has been given full certification privileges by the State Board of Education of Tennessee, and several other states recognize the College as a teacher training institution.

AIMS

The general aim of Lambuth College is, to use the words of the late Ernest DeWitt Burton, "to develop . . . personalities capable of full participation in life and of significant contribution to life."

More specifically, Lambuth College aims:

To enable its students to understand and appreciate more fully the physical universe in which they live and to relate themselves properly to it;

To give them an appreciation of the contributions of the past to the present and to put them into possession of some of the cultural and spiritual heritage of the race;

To give them a sense of social responsibility and to enable them to identify their good with that of the social organism;

To enlarge their conception of God and of religion, and to make them more intelligent, useful and devoted Christians.

An immediate aim of the college is to provide for the Memphis Conference a group of ministerial and lay workers who are equipped intellectually, socially, and religiously for leadership in the work of our church.

LOCATION

Geographically Lambuth College has an ideal situation. Jackson, a city of about 30,000 people, is in the heart of the Memphis Conference territory. It is reached by four railroads and by several good highways, which touch almost every part of the Conference. It is a city of churches, schools and numerous wide-awake civic organizations. Jackson is accessible to hundreds of prospective college students, many of whom attend Lambuth College from home by train, bus, or private conveyance.

BUILDINGS

The Administration Building is a handsome, three-story structure with a basement at one end. It contains offices, class rooms, laboratories, the library, and the chapel. Until a girls' dormitory can be built the third floor will be used to house young women students, and part of the first floor as a dining room.

Epworth Hall, the dormitory for men, occupies a beautiful site facing Lambuth Boulevard, just south of the main campus. This dormitory is a modern fireproof building containing fifty bed rooms.

The President's Home is a nine-room brick veneer building located on Fairground Street facing the college campus. It was acquired in 1942.

CAMPUS

The campus, consisting of twenty-one acres, lies on the west side of Lambuth Boulevard in the northwest part of the city. It is one of the most beautiful spots in Jackson. Space is provided for tennis courts, football and baseball fields, and a golf course.

EQUIPMENT

The entire equipment of the college is modern and of high grade. Steel furniture is used in both dormitories. In every

department of the college the equipment has been chosen not only for durability, but for attractiveness of appearance.

EXPENSES

The College authorities encourage the students to practice economy in their personal expenditures, and seek the co-operation of parents to this end. Every effort is made to keep the cost of a college education within the reach of every worthy and capable young man and woman.

Tuition

The tuition for the session is \$120.00. This is payable in installments of \$20.00 each on the following dates: September 20, November 3, January 3, February 12, March 26, and May 3. Payment of tuition enables the student to take any of the regular courses offered by the college. The regular tuition does not include private lessons in the Department of Music. Laboratory fees are additional for students taking laboratory courses. These are listed below.

Full tuition is charged students carrying a load of more than twelve quarter hours. Charges for a student carrying twelve hours or less are computed on the basis of \$3.50 per quarter hour for the first three hours and \$3.00 per hour for each additional quarter hour. All part time students, however, are required to pay the maintenance fee. Laboratory fees in Science courses are also additional.

Tuition payments of part time students are due on the dates named above for the payment of tuition by regular students.

Children of active ministers and ministerial students pay only one-half the regular tuition, \$10.00 on each tuition paying date, or \$60.00 for the session. No further reduction is made such students unless they carry a load of six hours or less. In this case they pay the same rates as other part time students.

Ministerial students and other students looking to full time religious service are required to sign notes for one-half the regular tuition. For each year of regular ministerial or other full time religious work engaged in by such a student after leaving college, notes amounting to \$60.00 will be cancelled. Unless such student enters regular work within two years after the completion of his scholastic preparation, his note will remain in force.

Maintenance Fee

A maintenance fee of \$5.00 a quarter, or \$15.00 for the session, is required of every student who enrolls in the college. This

is payable on tuition paying dates. It includes the usual fees for matriculation, library, and physical education. The payment of this fee entitles the student to witness, without extra charge, all athletic contests participated in by the Lambuth teams on the home field; to participate in the physical education program; to use the library; to attend such musical programs as the college may arrange for the benefit of the students, and to secure a copy of the Lantern.

Diploma Fee

A diploma fee of \$10.00 is required of each graduate.

Board and Room

Board in the dormitory costs \$207.00 for the session of nine months.

The College reserves the right to change the price of board at the beginning of any six weeks' period provided fluctuations in the price of foodstuffs make this necessary.

Room in the dormitory costs \$45.00 for the session. Each student in Epworth Hall is required to deposit a breakage fee of \$5.00 for the session. A student desiring to room alone pays an extra charge of \$2.00 a month. Rooms in the girls' dormitory are provided with furniture, mattresses, rugs, heat, light, hot and cold water. Rooms in boys' dormitory are furnished with furniture, mattresses, light and heat. Each student is required to bring with him a supply of bed linen, covers, towels, pillows, etc.

Board and room rent are payable in six installments of \$42.00 each on the following dates: September 20, November 3, January 3, February 12, March 26, May 3. A regular installment of board and room rent must be paid before the student is admitted to the dormitory.

Regulations Regarding Payments

Tuition and fees must be paid or arranged for before the student is admitted to classes. A student withdrawing during

the first week of a quarter will be refunded all charges for tuition and fees except \$10.00 to cover the cost of registration. After the first week no refund will be made unless the student is disqualified by severe illness for as much as three weeks. In such case one-half his tuition for that six weeks' period is refunded.

All bills for tuition, board and fees of all kinds must be paid in full or provided for in a manner satisfactory to the administration before the student may receive college credit.

Students will not be permitted to become seriously delinquent in the payment of their bills. The college cannot afford to offer rates as low as those listed above unless students keep their accounts paid on time.

Incidentals

The early training and habits of people vary so much that it is impossible to estimate the incidental expenses of a student for a session. Many of our students must pay part of their expenses by working and necessity requires that they practice strict economy. All others are urged to do so.

Summary of Expenses

	Six Weeks	Quarter	Session
Tuition	\$20.00	\$ 40.00	\$120.00
Maintenance fee	2.50	5.00	15.00
Room	7.50	15.00	45.00
Board	34.50	69.00	207.00
<hr/>			
Total	\$64.50	\$129.00	\$387.00

These figures do not include books and laboratory fees.

SELF-HELP

The College offers to a limited number of students the opportunity to pay part of their expenses by performing certain tasks connected with the maintenance of the institution, such as waiting tables, washing dishes, house cleaning, assisting in the library, or in the laboratories. The College has many more applications for employment than it can fill. It is possible for a few students to find places in the city where they can work for room or board. In assigning students to jobs the College takes into account the need of the student for help, his past record for faithfulness, and his fitness for the task.

Money earned in this way must be applied on the student's obligations to the College.

STUDENT LOAN FUNDS

McCutcheon-Robinson Loan Fund. The honor of establishing the first student loan fund belongs to the late Mrs. Drusilla McCutcheon and Rev. E. L. Robinson, staunch friends of the College. This fund was established for the purpose of aiding worthy students in securing their college training.

Jackson First Church W. M. S. Loan Fund. In 1931 the Woman's Missionary Society of the First Methodist Church, Jackson, Tennessee, gave \$500.00 toward establishing a loan fund for worthy students. Preference is given to young lady students in granting loans from this fund.

Lillian Howard Murphy Sunday School Class Loan Fund. This loan fund of \$120.00 was provided by a class of young women of the First Methodist Church, Jackson, taught by Mrs. Lillian Howard Murphy. It was used in 1933-34 to pay the tuition of a worthy young lady student.

W. P. Prichard Loan Fund. The late Rev. W. P. Prichard of Murray, Kentucky, established a loan fund for worthy students which now amounts to \$1,000.00.

Clem Wadsworth Student Loan Fund. In 1938 Mr. Clem Wadsworth of Ripley, Tennessee, established a \$500.00 loan fund for the benefit of students who expect to engage in full time religious work.

Chi Omega Loan Fund. A loan fund of \$40.00 was given by the Chi Omega Alumnae Chapter of Jackson in 1936. A senior girl recommended by a committee of the faculty will be the beneficiary. As often as the loan is returned the committee will select a new beneficiary.

Florence Collins Loan Fund. Mrs. Florence Collins of St. Petersburg, Florida, made a gift of \$50.00 in the fall of 1937 with which to start a loan fund in memory of her son. This fund will be available for young men students.

Mary Alice Vaughn Loan Fund. The late Mrs. Mary Alice Vaughn provided in her will that \$100.00 should be used as a loan fund for ministerial students in Lambuth College.

SCHOLARSHIPS

No student may be eligible for more than one unendowed scholarship in any given year.

Adine M. Taylor Scholarship. This scholarship was established in 1930 by the late Mrs. Adine M. Taylor of Paducah, Kentucky, who bequeathed to the college \$3,000.00. The interest on this amount is used to support the scholarship.

Eliza Bowe Curtsinger Scholarship. This scholarship was established in 1935 by the late Mrs. Eliza Bowe Curtsinger of Bardwell, Kentucky, for the benefit of ministerial students. It amounts to \$60.00 a year, the interest on \$1,000.00 at the rate of 6 per cent.

Annie Lou Jones Scholarship. By her will the late Miss Annie Lou Jones, of Jackson, Tennessee, left an apartment house to Lambuth College. The income from this property is to be used to pay the tuition of worthy students. Since her life work was teaching, this fund will extend the useful service of Miss Jones indefinitely. The fund was established in 1941.

Scholarships to Honor Students. The College regularly offers to the valedictorian of each standard high school within its territory a scholarship of \$60.00, for one year only. To the salutatorian of each graduating class it offers a scholarship worth \$40.00, for one year only. A certified statement from the principal of the high school must be presented by the applicant for one of these scholarships. These are offered by the college for the purpose of insuring a larger number of students of promise in its freshman class.

Scholarships to Ministerial Students. See page 12.

Scholarships to Children of Ministers. See page 12.

AWARDS

Omega Upsilon Lambda Award. Each year the Omega Upsilon Lambda Sorority awards a silver loving cup to the student who has rendered the largest service to the college during his connection with it. Character and ideals, scholarship, participation in student activities, leadership qualities, co-operativeness and general usefulness are considered. The recipient of this loving cup is selected by the faculty.

Since 1928 such a choice has been made by the faculty each year. The loving cup will take the place of the medal formerly offered by Mr. C. K. Wilkerson, and later by the faculty.

Below are the names of those who have been chosen for this honor since 1928.

Raymond Council.....	1929

Omega Alumnae Award. Beginning with 1940 the Omega Upsilon Lambda Alumnae has offered a key to the senior who has made the highest average in the English Department during his four years of residence. The recipient must have had a minimum of twenty-four quarter hours in English. The award has been made as follows:

Sue Blancett	1940
Annie Belle Rawls	1941
Lucile Bridges	1942
Anna Nell Bland	1943

REGULATIONS RELATING TO STUDENTS

Statement of High School Work

A properly certified statement of the student's high school work should be sent to the College before the fall opening, and must be in the hands of the Registrar not later than the end of the first quarter. The final enrollment of a student is deferred until such a statement has been sent in by the proper preparatory or high school authorities and evaluated by the Registrar of the College.

Registration

The days set aside for regular registration are indicated in the college calendar at the beginning of the catalogue.

Within the first three school days following registration he may make desired changes in his schedule, but for each change made on his own motion after this the student is charged a fee of one dollar.

Late Registration

Students registering after the third day of regular registration will pay an additional fee of \$1.00.

Classification of Students

The student may be regularly classified after his secondary school record has been accepted.

Normal progress in the College requires that a student carry 48 quarter hours each year and earn an equal number of quality credits. For convenience in administration all regular students are classified early in the fall quarter according to the following standards:

FRESHMEN: Those who have completed fewer than 42 quarter hours.

SOPHOMORES: Those who have completed 42 quarter hours.

JUNIORS: Those who have completed 96 quarter hours, with 96 quality credits.

SENIORS: Those who have completed 138 quarter hours, with 138 quality credits.

Admission to Advanced Standing

To secure advanced standing in the College the student must present an official certificate showing that he has completed sufficient work in some recognized college or university. He must also present the usual certificate showing that he has completed our entrance requirements. If he cannot show a sufficient number of high school units, part of his advanced work will be counted toward making up the deficiency.

Grading and Reports

The following passing grades are given: A, excellent; B, good; C, average; D, poor. F indicates a failure; I, incomplete work. A report of the standing of each student is made to the parent or guardian each quarter, and a duplicate of this report is furnished the student. A student making I or F will be given the following quarter to remove the condition. Instructors turning in to the Registrar's office a grade of I must file with the report of the grade a written statement of the work required to remove the condition.

In reporting students who have dropped courses instructors will indicate the character of work done by the student up to that point by the use of the phrase "dropped passing" or "dropped failing".

Quality Credits

A student must earn 192 quality points before a degree will be conferred. For a course carried throughout a quarter with a grade of A, three (3) quality points per quarter hour will be awarded; for a grade of B, two (2) quality points; for a grade of C, one (1) quality point.

Students who maintain an average of 2.125 quality points per quarter hour throughout their entire college course will receive their degrees **cum laude**; those who maintain an average of 2.5 quality points per quarter hour throughout their entire college course will receive their degrees **magna cum laude**; and those who maintain an average of 2.875 quality points per quarter hour throughout their entire college course will receive their degrees **summa cum laude**. To be eligible for a degree with honors, the student must have earned all his credits in Lambuth College.

Maximum and Minimum Number of Hours

Sixteen hours per quarter constitute a normal amount of work for a student. The amount of work a student may carry in excess of sixteen hours depends on the quality of work he does and the number of extra-curricular activities in which he engages. The authority to enroll a student for more or less than a normal load is vested in the Dean.

Absence

If a student is absent from more than one-sixth of the meetings of any course, he will be dropped from the course. If he is failing the course at the time he is dropped, the grade for that course will be recorded as an F. If a student's absence is from all courses, and unavoidable, he may be permitted to re-enter certain of these courses on the approval of the Dean.

Freshmen and sophomores must attend all classes unless excused by the Dean.

If a student is tardy three time in one class, one absence will be charged against him.

Probation

Any student passing less than twelve hours of work in any quarter, or any student not passing all his work if taking less than twelve hours, will be placed on probation for one quarter.

Should he fail to pass the required amount of work during this quarter, his case will be considered by the accrediting committee, and he may be asked to withdraw.

Participation in Student Activities

Students will be checked on grades at the end of each six weeks' term. Neither probation students nor regular students passing less than twelve hours may represent the college in any public activity, such as dramatic club performance, debating or athletic contests. Part time students are eligible to represent the college in such activities if they are passing all their work.

Examinations

Regular. Regular examinations are held during the closing week of each quarter. In determining the standing of a student in any subject the daily class work counts as five-sixths and the examination grade as one-sixth.

Comprehensive. A comprehensive examination, mostly oral, is given each candidate for graduation. The examination covers all courses taken by the candidate in his major and minor subjects. The examining committee consists of the Dean as chairman, the major professor and the minor professor. When the Dean is either the major or the minor professor, he will appoint the third member of the committee from the faculty.

Seniors may take a seminar in the major field for one quarter in lieu of the comprehensive examination.

Special. The lowest passing grade in all courses is D. A student who makes less than D on any course due to final examination failure is permitted one special examination. Failing to pass the special examination, he is required to repeat the course. A student willfully absenting himself from a regular examination will be given a special examination only by permission of the faculty. Request for this privilege must be made in writing, the cause of absence specified, and a fee of one dollar paid.

No examination will be given on work that has not been taken regularly in class.

Transcript of Record

Each student may receive two copies of his transcript without charge. For each additional copy one dollar is charged. However, no transcript is furnished until the student has paid his account, or made satisfactory arrangements for its settlement.

Chapel Attendance

A brief chapel service is held three times a week in the

College auditorium. Attendance is compulsory. On Monday and Wednesday the president and members of the faculty have the responsibility for the exercises; on Friday the students.

Church Attendance

All students are expected to attend Sunday school and at least one preaching service each Sunday. Participation in the work of young people's organizations in the churches of the city is also urged. Students are encouraged to attend religious services and take part in Christian work.

Boarding Places

All boarding students are expected to live in the dormitories. Under certain conditions, however, students may arrange to live in private boarding places. Young women students boarding in the homes of citizens are under the general supervision of the Dean of Women, and young men students are responsible to the Dean of Men.

Dormitory Regulations

In the dormitories an effort is made to give the student the atmosphere of a well-ordered home. Of course, a few regulations are necessary. Students are expected to respect the rights of others, to be orderly in their habits, and to assist the College authorities in making the dormitories as home-like as possible. Each dormitory is under the direct supervision of a matron.

Discipline

Lambuth College is an institution with Christian ideals. It seeks to take young men and women who have been brought up in Christian homes and continue their training. As far as possible only constructive methods of discipline will be employed. Students are expected to exercise self-restraint and to conduct themselves at all times as ladies and gentlemen. At the same time the College authorities throw every possible safe-guard around the students in order to make it easier for them to live right. Students who are addicted to loafing, drinking, gambling or other forms of immorality, are not permitted to remain in the College.

Hazing is strictly forbidden. Certain forms of freshman initiation are permitted. This initiation program is planned by a special committee of the Student-Body Association and is restricted to such activities as are prescribed by this commit-

tee and approved by the Student-Body Association and the college administration.

Athletics

Lambuth College has discontinued all inter-collegiate athletics. Special attention is given, however, to intra-mural sports. All students are encouraged to participate in one or more of these sports because of the mental and physical benefits to be derived from such action. The college authorities believe that, from the standpoint of character formation, wholesome recreational activities play an important part in a student's education.

STUDENT ORGANIZATIONS

Certain forms of extra-curricular student organizations are maintained and promoted in the college. The college recognizes that there is an important phase of a liberal education which can come only through activities outside the classroom. The following associations and clubs are officially recognized by the college and are responsible to the Director of Activities.

Student Body Association. This is an organization of the entire student body, which aims especially at fostering college spirit, and through which the students act collectively in all their college relations.

The Deputation Committee. This committee is composed of ministerial students and others intending to engage in full-time religious work. Its purpose is to cultivate a closer fellowship and to train religious workers for community service.

The Christian Movement Council. This Council is composed of students elected by students. It promotes the religious life and activities of the students both on the campus and in the community.

The Student Volunteers. This is a chapter of an international organization that aims to provide training and fellowship for students who desire to be missionaries. In addition other students interested in religious matters are welcomed as members.

The Dramatic Club. The purpose of this organization is to give those students who have ability in dramatic work an opportunity to cultivate this talent and gain poise and self-confidence in public appearances.

The Modern Language Club. The club is composed of those modern language students who are especially interested in developing an active control of their language and acquiring a more cultural acquaintance with the customs and literature of the people.

The Lambuth Music Club. This club is a member of the Tennessee Federation of Music. Opportunities for appearance on programs are given all students of the music department.

The Home Economics Club. This club is composed of those Home Economics students who are especially interested in Home Economics education. The aims of the club are to stimulate an interest in home making, establish ideals as to the importance of the home-making job, and develop an appreciation of home life in the minds of the students, so that they may become leaders in home and community life.

The Literary Forum. This club is composed of juniors and seniors who have at least eighteen quarter hours in English and who plan to major or minor in that field. The membership is limited.

The "L" Club. This club is composed of all students who have been awarded an "L" by the college athletic committee. The aims of the club are to promote amateur athletics in the College and to develop in the players appreciation of the ideals for which the Department of Physical Education stands.

Social Clubs. There are three recognized social clubs for girls in the College, each under the general supervision of a faculty adviser, chosen by the club and approved by the Student Advisory Committee. The advisers, officers and members of these organizations are required to conduct their affairs in keeping with a few faculty regulations. No club shall assess dues or other charges totaling more than \$5.00 a quarter nor adopt a pin that costs more than \$10.00. Each club shall have the privilege of a room for its meetings as long as it is convenient for the College to provide it. It is understood and agreed that a student's loyalty to her club shall be subordinate to her loyalty to Lambuth College. Any tendency of club groups to destroy the unity of the College community will not be tolerated by college authorities.

Students desiring to organize a new club shall present their petition to the Student Advisory Committee of the faculty with the signature of all charter members. If approval is secured, the new club may operate a year on probation. If at the end of this time it is found in good standing, it shall be entitled to the full privileges of Lambuth College clubs.

Organizations and clubs not complying with the regulations for extra-curricular activities are not permitted to operate in the College.

PUBLICATIONS

The Lambuth Messenger. The Messenger, formerly the News-Letter, the organ of the college administration, is published six times a year. It carries to the alumni and other friends of the college news of important happenings on the campus and special articles dealing with the aims, purposes and educational philosophy of the institution.

The Lambuth Vision. The Lambuth Vision is the student newspaper. It is published weekly by a staff elected by the students.

The Lantern. The Lantern is the college annual. The first issue of this publication appeared in 1927. It is managed jointly by the administration and the students.

THE LIBRARY

A small, but carefully selected, library has been built up since the college opened. New books are being constantly added. More than thirty of the best magazines come regularly to the reading room.

LABORATORIES

Facilities are provided for laboratory courses in Botany, Business Administration, Chemistry, Clothing, Foods, Physics and Zoology.

PERSONNEL WORK AND STUDENT COUNSELING

The College makes a special effort to know the personal problems and individual traits of each student and to use this information in counseling him. The college authorities believe that close personal contacts with teachers of character, personality and training mean much to the developing life of a college student. The Dean of the College, the Dean of Men and the Dean of Women give considerable time to the consideration of the personal problems of the students. The Director of Activities advises with the individual student in an effort to secure for each student a well-balanced extra-curricular program. Each teacher also serves as counsellor to a small group of students.

REQUIREMENTS FOR ADMISSION

For admission to the freshman class the College requires that a student offer by certificate from an accredited high school fifteen units, or that he pass satisfactorily an examination on the courses required for admission. An entrance unit is the measure of the work required for completion of one high school subject taken five times each week, in recitation periods of forty-five minutes throughout a session of thirty-six weeks. For the average high school student four units make a year's work. Such a student should be able in four years to complete the entrance requirements of Lambuth.

Of the fifteen units required for entrance to the course leading to the degree of Bachelor of Arts, three shall be in English. Of the remaining twelve units required not more than four shall be in vocational subjects.

Persons twenty-one years of age and over who cannot offer the required number of units for admission may register as special students for such courses as they may be able to carry. All entrance requirements must be fully met, however, before special students can become candidates for graduation.

A student who seeks to enter on certificate from an accredited high school should send for accrediting blank, have it filled out by the principal or superintendent, and forward it at once to the Registrar's office, so that it may be examined and the amount of credit determined before the session begins.

GENERAL REQUIREMENTS FOR GRADUATION

Lambuth College confers the degree of Bachelor of Arts and the degree of Bachelor of Science. Sixty-four session hours, or 192 quarter hours and an equal number of quality points, are required for graduation. No student may receive more than one degree on any graduation date.

Students transferring from other institutions are required to spend at least three quarters in residence and do at least forty-five hours of work in Lambuth before they can receive their degrees.

All candidates for graduation are required to pass a comprehensive examination on their major and minor subjects, or to take a seminar of one quarter in the major field.

Requirements for the Degree of Bachelor of Arts

The minimum requirements by departments for the degree of Bachelor of Arts are: eighteen hours in English, nine in Composition and nine in Literature; twelve in Religion; nine in History; eighteen in Science, at least eight hours in each of

two of the following: Biology, Chemistry, Physics, Mathematics; nine in Foreign Language, if taken in same language offered for entrance and eighteen if taken in a language not offered for entrance; six hours in Psychology and six hours in Sociology, or nine hours in Social Science.

In the major subjects the student is required to complete a sequence of thirty-six hours; in a minor subject, twenty-four hours. Forty per cent of this work must be on senior college level. Major and minor subjects must be chosen not later than the beginning of the junior year.

A major may be taken in Biology, Business Administration, Chemistry, English, History, Home Economics, Mathematics, Music, French, Religion, or Social Science.

A minor may be taken in either of the above, except Music, or in Spanish.

Requirements for the Degree of Bachelor of Science

The minimum requirements for the degree of Bachelor of Science are: eighteen hours in English, nine in composition and nine in Literature; nine in Religion; nine in American History or American Democracy; six in Sociology; nine in Natural Science; six in Psychology; and nine in Health.

In the major subject the student is required to complete a sequence of thirty-six hours; in a minor subject twenty-four hours. Forty per cent of this work must be on senior college level. Majors and minors must be chosen not later than the beginning of the Junior year.

A major or a minor may be taken in Biology, Chemistry, Business Administration, History, Home Economics, Mathematics or Social Science.

CERTIFICATE COURSES IN MUSIC

Students of Piano or Voice who desire to take two years in college music and who, for any reason, do not care to work toward a degree may take either of the following courses leading to a certificate. Those who enter either of these courses must meet college entrance requirements.

Pre-Law Course

The following courses are suggested for students interested in the study of Law:

History 2, 3, 50; Education 78; Economics 40; Sociology 40; and Political Science 30.

DEPARTMENTS OF INSTRUCTION

Explanatory Note

Courses ordinarily taken by freshmen are numbered 1-24; those intended for sophomores, 25-49; those usually taken by juniors, 50-74; and those planned for seniors, 75-99.

BIOLOGY

PROFESSOR OXLEY

The courses of this department are intended to give an increased appreciation of life and to serve as a basis for further work, such as medicine, agriculture, home economics, teaching and graduate study.

1. (a, b, c) **Introduction to the Biological Sciences.** This course will extend the concepts built upon the order of the physical universe into the living world and show how an understanding of life processes and principles may enable man to relate himself more effectively to the world in which he lives. Elected during the freshman or the sophomore year. Three hours a week throughout the year. Credit, nine quarter hours.

25. (a, b, c) **General Zoology.** The principles of animal biology are studied as illustrated by study of the frog as a typical vertebrate and a survey of other representative animals. Throughout the year. Open to all students. Credit, twelve quarter hours.

30. (a, b, c) **Human Physiology and Hygiene.** This course is designed to promote health by study of the normal body and mind. Throughout the year. Credit, nine quarter hours.

40. **Trees.** A course dealing with the identification, uses, distribution and ecology of our local shade and forest trees. Some time is spent on the many phases of forestry as they touch our lives. Spring quarter. Credit, three quarter hours. Offered 1943 summer quarter. On demand.

50. (a, b, c) **Conservation.** An introduction to the principles and practices of conservation of our soil, forest and wild life resources with a background of ecology. Three hours a week throughout the quarter. Credit, three quarter hours. Offered summer quarter 1943.

60. (a, b, c) **Principles of Modern Biology.** Especially for teachers and other leaders. Heredity, eugenics and related

problems are the basis of this course. Open to juniors and seniors, or by permission of the instructor. Throughout the year. Credit, nine quarter hours.

BUSINESS ADMINISTRATION

PROFESSOR PALMER

PROFESSOR WELLS

These courses have been organized to meet the Department of Education requirements for the certification of commercial teachers in most of the Southern States. Those preparing to teach commercial subjects, as well as those interested primarily in secretarial and office positions, should take courses B.A. 19, B.A. 20, and B.A. 24.

Majors in Business Administration should complete the following courses:

B.A. 24—First Year Accounting, 9 quarter hours.

B.A. 40—Principles of Economics, 9 quarter hours.

The remainder of the required hours are to be selected, in consultation with the major professor, from the other courses in the department.

19. (a, b, c) Typewriting. This course aims to familiarize the student with the touch method of typewriting, with its application to letter-writing, tabulation, legal matter, manuscripts, writing on ruled lines, billing, telegrams, etc. Credit, three hours per quarter.

Typing Schedule—Ten hours weekly for students with no previous typing training.

Speed Minimum for Beginners:

19 (a)—30 net words per minute.

19 (b)—40 net words per minute.

19 (c)—50 net words per minute.

Placement with advanced standing will be determined by the instructor.

20. (a, b, c) Gregg Shorthand. Prerequisites and summarized course requirements are given below. Five hours a week throughout the year. Credit, nine quarter hours.

Descriptive Titles	Prerequisites Typing	Minimum Words Per Minute		
		Dictation		Maximum Error Allowance
		Familiar	New	
20(a) Principles of Shorthand.....	1 Unit*	60
20(b) Beginning Dictation.....	1 Unit*	75	65	5%
20(c) Advanced Dictation.....	1 Unit*	90	80	5%

*Or, concurrent enrollment in B.A. 19—Typewriting.

21. (a, b, c) **Office Practice.** Prerequisite: one year each, typing and shorthand. This course affords the student a background of business knowledge correlated with stenographic work. Filing, office machines, and business correspondence are introduced. Special attention is given to the letter of application and to the personal interview. Study is given to the development of personal traits desirable for a secretary. Two hours a week throughout the year. Credit, six quarter hours.

23. (a, b, c) **Business English.** The object of this course is to drill students in the use of correct English and spelling for business purposes. Considerable time will be given to the mechanics of good business English, and in writing business letters and reports. Two hours a week throughout the year. Credit, six quarter hours.

24. (a, b, c) **First Year Accounting.** This course develops the subject rapidly, devoting its time and emphasis to the fundamental problems of accounting, with a minimum of book-keeping routine. Adequate problem and practice work is required. Five hours a week throughout the year. Credit, nine quarter hours.

25. (a, b, c) **Economic Geography.** A comprehensive survey of man's use of the earth. This course is introductory and non-technical. It presents the materials and principles of fundamental importance to students of modern business. Required for elementary teachers' certificates. Three hours a week throughout the year. Credit, nine quarter hours.

26. (a, b, c). **Advanced Typewriting.** The aim of this course is to increase the accuracy and speed in typewriting with stress being placed on letter placement, preparation of legal papers, complex tabulation, and the confident ability to use all business forms and to manipulate all parts of the typewriter easily with sufficient speed and accuracy to complete any new task. Prerequisite: B.A. 19, or its equivalent. Three hours a week throughout the year. Credit, six quarter hours.

27. (a, b, c) **Advanced Shorthand.** In this course adequate practice is given in dictation and transcription; dictation of letters, solid matter. Prerequisite: B.A. 20 or its equivalent. Three hours a week throughout the year. Credit, six quarter hours.

30. (a, b, c) **Government of the United States.** Same as Social Science 30 (a, b, c).

35. (a, b) **Business Law.** A study of the ordinary legal aspects of common business transactions. Three hours a week. Fall and winter quarters. Credit, six quarter hours.

40. (a, b, c) **Principles of Economics.** Same as Social Science 40 (a, b, c).

45. **Business Mathematics.** Three hours a week. Spring quarter. Credit, three quarter hours.

62. (a, b, c) **Advanced Accounting.** Accounting procedure in industry and business, including problems of accounting peculiar to the various types of institutions. Five hours a week throughout the year. Credit, nine quarter hours.

65. (a, b) **Business Organization.** This course deals with the several types of business organization: individual proprietorships, partnerships, joint stock companies, and corporations. Three hours a week, fall and winter quarters. Credit, six quarter hours.

75. (a, b) **Economic History.** Same as History 75 (a, b).
Professor Eagle.

80. **Money and Banking.** A study of credit institutions and their functions in financing the needs of business enterprise. Three hours a week, spring quarter. Credit, three quarter hours.

82. **Business Statistics.** An introduction to the statistical methods applied to business and economic data. Three hours a week, spring quarter. Credit, three quarter hours.

EDUCATION AND PSYCHOLOGY

PROFESSOR MARR

PROFESSOR ROUSSEAU-EVANS

All courses are accredited by the State Department of Education of Tennessee and may be used in satisfying state requirements for the different state certificates.

1. (a, b, c) **Elementary School Subjects.** Materials, methods, and supervised observation. Three hours a week throughout the year. Credit, nine quarter hours.

4. **Art for the Grade School Child.** State requirement for elementary school certificate. Two hours a week throughout the year. Credit, six quarter hours.

PHYSICAL SCIENCE

ACTING PROFESSOR RAULINS

The courses offered by this department are intended to meet the cultural needs of the student and to give a pre-professional foundation for the study of medicine, agriculture, home economics, engineering and graduate study in the sciences. Students majoring in Chemistry will be required to take Physics 1, Biology 25, and Mathematics 1, 2, 3, and 25.

Chemistry

2. (a, b, c) **General Chemistry.** A cultural and pre-professional course. Three lectures and a minimum of two laboratory hours each week throughout the year. Credit, twelve quarter hours.

*31. **Qualitative Analysis, Inorganic.** Both theory and practice in the separation and identification of ions of salts, bases, acids, and elements. Prerequisites: Chemistry 2 (a, b, c). Fall quarter. Two lectures and a minimum of four laboratory hours each week. Credit, four quarter hours.

*32. **Quantitative Analysis, Inorganic.** Volumetric analysis. Prerequisites: Chemistry 31. Winter quarter. Two lectures

and a minimum of four laboratory hours each week. Credit, four quarter hours.

*33. **Quantitative Analysis, Inorganic.** Gravimetric analysis. Prerequisites: Chemistry 31, 32. Spring quarter. Two lectures and a minimum of four laboratory hours each week. Credit, four quarter hours.

61. (a, b, c) **Organic Chemistry.** A study of the compounds of carbon. Prerequisites: Chemistry 2 (a, b, c). Three lectures and a minimum of two laboratory hours each week throughout the year. Credit, twelve quarter hours.

71. **Bio-Chemistry.** For pre-medical students and Chemistry majors. Prerequisites: Chemistry 2 (a, b, c), 31, 61. Two lectures and four laboratory hours each week. Credit, four quarter hours. Not offered in 1944-45.

81. (a, b, c) **Physical Chemistry.** Prerequisites: Physics 1, Mathematics 1, 2, 3, and 25, Chemistry 2 (a, b, c) and 31, 32, 33 or 61. Two hours lecture and two laboratory hours each week. Credit, nine quarter hours. Offered on demand.

91. (a, b, c) **Organic Syntheses.** Prerequisites: Chemistry 61. The course may be carried for one, two, or three quarters. Four hours laboratory and conferences each week. Credit, two quarter hours per quarter. Offered on demand.

General Physical Science

1. (a, b, c) **Introduction to Physical Science.** A survey of Astronomy, Chemistry, Geology, and Physics. Three lectures and two laboratory hours each week throughout the year. Credit, twelve quarter hours. Not offered in 1944-45.

Physics

1. (a, b, c) **General Physics.** Mechanics, Heat, Light, Magnetism, Sound, and Electricity. Prerequisites: Mathematics 1 and 2, or concurrent registration in either course. Three lectures and two laboratory hours each week throughout the year. Credit, twelve quarter hours.

50. (a, b, c) **Advanced Physics.** Mechanics, Heat and Electricity. Prerequisites: Physics 1 and Mathematics 25. Three lectures and two laboratory hours each week throughout year. Credit, twelve quarter hours. Not offered in 1944-45.

*In 1943-44, Chemistry 31 was offered as a six quarter hour course over a semester period. Chemistry 32 and 33 were offered the second semester as a six quarter hour course.

RELIGION

PROFESSOR NEEL

1. (a, b, c) **Introduction to the Bible.** A survey of the Bible, the purpose of which is to familiarize the student with the central spiritual values of the Old and New Testaments.
